Website Design Document

Site:	Tri-City Weather
Author:	Peter D Wiscombe

Purpose:

This site will provide local weather, forecast, and community information for the tri-cities area, including Franklin, Springville and Greenville. Each city will have their own dedicated page. The Storm Center will include information about current and previous storms. A gallery of previous images will also be available.
Target Audience

There will be two primary audiences for this web site:
- Local residents who need up-to-date weather information
- Area visitors who need weather and community information.

Color Scheme

	#2255aa	Header Background
	#5599bb	Footer Background
	#bbcccc	Header/Footer Text
	#669944	Menu Background
	#ffffff	Page Background
	#000000	Standard Text

Typography

As the primary use of this site will be for online reading rather than print output, I have chosen to use San Serif fonts from Google fonts.
